

# DIN-MODULAR CASE TYPE B

acc. to DIN 43 700

**OKW**

## DESIGN 1:

Rectangular section with guide ridges for horizontal slide-in mounting of PCBs from the front. Removable front and rear frame.

- ① Case
- ② Rear panel of case
- ③ Snap-in front frame
- ④ Front panel / Filter plate\* (\*separate accessories).

Norm dimensions:  
96 x 48 mm / 72 x 72 mm /  
96 x 96 mm

## DESIGN 2:

U-section with removable lateral lid for vertical slide-in mounting of PCBs. Fixed front frame and removable rear frame (except case 144 x 72 mm which is also available with removable front frame).

- ① Case U-section
- ② Lateral lid of case with screw set
- ③ Rear panel of case
- ④ Front panel / Filter plate\* (\*separate accessories).

Norm dimensions:  
144 x 72 mm / 144 x 144 mm

## DESIGN 3:

Same as design 2, but particularly designed for 19"-system slide-in assemblies 12 TE, 3 HE (Eurocard size).

- ① Case U-section
- ② Lateral lid of case with screw set
- ③ rear panel of case
- ④ PCB supports in 1 TE steps
- ⑤ plug holder for connectors acc. to DIN 41612
- ⑥ tapped and threaded strips for fixing the components.

Norm dimensions:  
144 x 72 mm

Design 1

Design 2

Design 3

## DIN-MODULAR CASE TYPE B:

Available in three different assembly versions consisting of several parts, made of reinforced Noryl with outstanding mechanical and electrical properties.

## YOUR ADVANTAGE

- Case made of glass-fibre reinforced Noryl with outstanding mechanical and electrical properties, corresponding to UL-standard 94 V-1.
- Available in 3 different designs, depending on the inserts.
- All components including the electronic parts can slide into the case from the front side.
- The rear panel has fixing ribs to hold PCBs and slots for the plug connectors.
- Holder or bracket for secure mounting within the control panel.
- Transparent snap-in cover (accessory) protects displays and operating elements.

## STANDARD COLOUR

Black.  
Please refer to colour chart on page 214.

## MATERIAL

Glass fibre reinforced Noryl with outstanding mechanical and electrical properties.

Corresponds to UL 94 V-1 (except front frame and snap-in cover). Please refer to the specifications on pages 215-217.

DIN-MODULAR CASE  
Design I  
in standard dimensions  
96 x 48 mm.

Mounting lengths:  
109 and 150 mm.

### VERSION I

Rear panel without screws.  
For mounting holding frame  
(accessory).

### VERSION II

Rear panel with 2 screws.  
For mounting the holders  
(accessory).

### ASSEMBLY

All components including the rear panel can slide into the case from the front side.

Case fixing to a control panel/board by means of 2 holders or 1 holding frame (accessories).

The front frame can be replaced by a snap-in cover.

Detailed drawing available on demand in dwg or dxf format.

# DIN-MODULAR CASE 144 x 72 TYPE B

acc. to DIN 43 700

**OKW**

## ASSEMBLY

PCBs as well as the rear panel are inserted in the case from the front side, when the cover is removed. Front slide insert of PCB possible, because the vertical guide ridges are interrupted horizontally.

Case fixing to a control panel/board by means of 2 holders (accessory).

The front frame can be replaced by a snap-in cover.

## DIN-MODULAR CASE

Design 2 in standard dimensions 144 x 72 mm.

Front frame is a separate piece.

Mounting lengths including separate front frame: 94, 148, 199 and 246 mm.

Detailed drawing available on demand in dwg or dxf format.

## CASE

Standard dim. in mm			Front frame	Supply
